1	Land at the end of Humber Drive	ST8 7LW	53°07'04.5"N 2°12'	Accessible open space providing an important area for the community to engage in recreational activities; an important transition area between settlements.	✓	✓	✓	✓	✓	✓	✓	✓	BRW	Contributes to "well being"	Used daily as a short cut to avoid busy roads. An attractive area maintained by the Council. Important 'green' space for well-being and a play area.		SMDC amenity green space.	19-Jan-19	L, C	LGS- rename as 'Humber Drive community space'.
2	The Clough	S1896, 598, S1897		This is a local beauty spot, used by residents for short family walks and walking dogs. Although this land had TPO's placed on it, back in the 1970's a large number were cut down and Japanese Knotweed took over. This has now been rectified by the current owners with the planting of over 300 native trees in 2001 (once the knotweed had been eradicated). It is vital that now this place has been reclaimed for nature, it is retained for responsible recreational use by the local community.	✓	✓	✓	✓	✓	✓	✓	✓	BHRTW		Tunnel filled in in 1960's when sewers put in. Really important wildlife corridor. Any extension towards main road would be beneficial to allow link with Bailey's Wood. Many people park in the pub carpark, take a walk through the Clough and relax in the Talbot afterwards. This route is regularly used by walking groups as part of a longer hike, including Biddulph Ramblers. The valley provides an ideal habitat for flora and fauna - in springtime the ground is covered in bluebells, daffodils, red campion, wood sorrel and wood anemone. It is also inhabited with rabbits, foxes, various owls, dipper, buzzards, most tits and finches, and bats. In addition there are some interesting tree species, planted by the Batemans including Scotts Pine, Hornbeam and evergreen Oak.		Within walking distance of the main road and accessed via Hurst Road (a public footpath which starts next to the Talbot pub).	19-Jan-19	C	LGS
3	The Leat	S1899, 594; S1898		The Ordnance Survey Map of 1876 shows the route of the leat from within the confines of Biddulph Grange Country Park and onwards, exiting the Country Park at the Hurst Road entrance. It continues its course through fields running parallel with Hurst Road until it enters the Mill House pool on Grange Road. The leat had fallen into considerable disrepair within the Country Park and this year the Biddulph Grange Country Park Friends group raised the funding to have repair works carried out (supported by High Peak Borough Council & Staffordshire Moorlands District Council). Due to this work the integrity of this water source further downstream has been secured.	✓	✓	✓	✓	✓	✓	✓	✓	BHRT		This has significant heritage and has just been repaired within the country park. Map of Leat needs extending to Congleton.		The leat's story starts at the weir towards the top of the Himalayan Walk in Biddulph Grange Country Park where there is a simple mechanism diverting water off the stream sourced from the moorlands. A further project is underway preparing to prepare an Interpretation Board to be installed at this point to tell the Leat's story. At the point where this important feature exits the Country Park it can be clearly seen from Hurst Road at various points. More importantly it can be viewed via footpaths 158, 36 and 89.	19-Jan-19	C	LGS- merge with sites 15 and 73 to make one designation covering areas of Biddulph Grange Country Park. 4	Congleton Road Biddulph in Bloom grass verge (Greenway Moor- WI)	S1889, 590		The grass verge is on Congleton Road, just in front of Biddulph Bowling Green and extends along to the junction with Woodhouse Lane. Greenway Moor WI representatives perform this voluntary work regardless of whether the town is putting an entry into the competition or not. Therefore, it is an endeavour done by the people of the town, for the people of the town. This is a particularly good example (by the WI) and provides a beautiful passageway into the town from the north.	✓	✓	✓	✓	✓	✓	✓	✓	BWO	Important area for the 'Garden Town of Staffordshire' image.	Gardening work has been being carried out on a voluntary basis by the people of the town for more than 20 years. It is hugely valued by the people of the town and its visitors. This work is carried out throughout the year and these grass verges in particular is very well maintained. On entering the town this planted verge reinforces Biddulph's reputation as the "Garden Town of Staffordshire". Throughout the spring, summer and autumn months pollinators are supported by this planting and we should ensure it is not lost to them or to the people of Biddulph.			19-Jan-19	C	LGS- rename as 'Greenway Moor WI gateway to the town'.
5	Biddulph Bowling Club	S1889, 590		This is the location of a thriving bowling club which recently relocated to this spot. The club has been in existence for more than 100 years and continues to compete in local leagues and competitions.	✓	✓	✓	✓	✓	✓	✓	✓	RO	Contributes to "well being"	This place is highly valued by both the members and the residents who live nearby. 6	Fold Lane Biddulph in Bloom grass verge	S1888, 595		The grass verges are on the junction of Fold Lane with Congleton Road. Biddulph in Bloom volunteers perform this voluntary work regardless of whether the town is putting an entry into the competition or not. Therefore, it is an endeavour done by the people of the town, for the people of the town. This is a particularly good example (by Biddulph in Bloom) and provides a beautiful passageway into the town from the north.	✓	✓	✓	✓	✓	✓	✓	✓	BWO	Important area for the 'Garden Town of Staffordshire' image.	This is the first opportunity for formal planting as you enter Biddulph. This is important for Biddulph in Bloom and as a gateway. This work has been being carried out on a voluntary basis by the people of the town for more than 20 years. It is hugely valued by the people of the town and its visitors. This work is carried out throughout the year and these grass verges in particular are very well maintained. 7	Well Street Biddulph in Bloom allotment	ST8 6HY	53°06'52.4"N 2°12'	Without this facility the work done by Biddulph in Bloom volunteers could not be carried out. Much of what we see on the various plots is grown on this site from seed; the huge preparation work that most of us don't see.	✓	✓	✓	✓	✓	✓	✓	✓	RTW	Helps Biddulph in Bloom volunteers to grow plants and flowers from seed within the town, making an important contribution to the 'Garden Town of Staffordshire' image.	This site is "silently" special to the community since, without it, the work done by the town's volunteer base could not be carried out. If this site were not protected the garden sites all around the town would be bare and very drab. The whole character of the town would be changed for the worst.			19-Jan-19	C	LGS
8	Grass verge on the junction of Hurst Road and Grange Road	S1896 599		Planted with fruit trees in memory of a well-loved local resident in 2003. Also full of daffodils in the spring.	✓	✓	✓	✓	✓	✓	?	✓	B		Provides a "gateway" for walkers making their way up the Hurst to enter Biddulph Grange Country Park at the top of the road. Particularly in spring with all the daffodils in flower provides a special haven for the local Poolfold residents.		What about the fields opposite the Talbot – local green space designation. Open up the foot path from the Talbot pub Car park to Hurst Lane, blocked at the old mill.	19-Jan-19	C	Not clear if 'demonstrably special' following first consultation. 11	Hurst Quarry	S1900, 593		This site sits opposite the Hurst Road entrance to Biddulph Grange Country Park and provides a natural extension of habitat for wildlife (including badgers, bats, invertebrates and birds).	✓	?	✗	✓	✓	✓	✓	✓	BHW		Various surveys have revealed evidence of significant wildlife presence. These include Common Toad (Priority species), Palmate Newt, 7 species of Bat (Protected), Badgers (Protected), Barn Owl, Tawny Owl, and Kestrel. An invertebrate study revealed that the site has been proven to hold a resource of ground-nesting bees and wasps that fulfils adequately the Site of Biological Interest (SBI) guidelines, having 23 breeding species and two species of genuine scarcity. This partial study concluded that, in relation to the Staffordshire Wildlife Trust guidelines (2014), the site should be considered to be of SBI quality.	Check whether the proposed LGS has planning permission. If an active mineral extraction site or with an extant planning permission it must be removed as a proposed LGS. Any description that includes 'richness of wildlife' should be supported with evidence. Large site could be considered an extensive tract of land- consider size of site.	A negative woodland trust ownership, FPs in unfit condition – very poor access by car for less able, poorly used, beauty of bluebells being taken over by brambles. Probably an important site for protecting our wildlife. Any hedgehogs there?	19-Jan-19	C,L	Active mineral extraction site- although this is disputed. Large area. Should be highlighted that this is an important site within the town, protection of wildlife is imperative to the residents of the town.
12	Biddulph Common	S189719 61793		Is designated as a "Common" on the OS map and is therefore of heritage value.	✓	✓	✗	✓	✓	✓	?	✓	BHRW		Suggestion to access the Digimaps in order to do a 'map regression' and see earlier references to Biddulph common.	Biddulph Common is much larger than this site.	Greenbelt protection	19-Jan-19	C,L	Remove. Boundaries unclear and greenbelt protection in place.
13	Wide verge along Congleton Road from Marsh Green Road	S188753 59010		This is a wide grassed verge, which fronts on to properties in Congleton Road and benefits from maintenance by those residents. There are several attractive semi mature, deciduous trees along its length. It contributes greatly to the pleasant, southerly approach to the town.	✓	✓	✓	✓	✓	✓	✓	✓	BRO	Important area for the 'Garden Town of Staffordshire' image.	Recreational value. Provides visual break and transition space in a busy settlement area. Good visual attractiveness contributing to the setting of the local area, providing important buffer. Helps to contribute towards making Biddulph a more attractive place to live, work and visit.		What about car parking? (& foot bridges). Is this public footpath to Station Road? Who owns these verges? Council or highways. No more road signage.	19-Jan-19	C	LGS- rename 'Congleton Road gateway to the town'.
14	Ringwork Castle, Bailey's Wood	S188934 59478		Small wooded area, the site of an old Ringwork castle. PRN Number 00179. This is a cultural and ecologically important site with easy access via the footpath network for local residents and visitors along the Biddulph Valley Way. It is an ancient and semi-natural woodland.	✓	✓	✓	✓	✓	✓	✓	✓	BHRW		Very wild area but needed with proximity to main road pollution. A wild peaceful area must be preserved		A negative woodland trust ownership, FPs in unfit condition – very poor access by car for less able, poorly used, beauty of bluebells being taken over by brambles. Have walked through this wood with an organised walk but it was pretty poor underfoot.	19-Jan-19	C	LGS
