

31.

Site	Mill Hayes Grass Verges
Grid Reference / Post Code	SJ880 559
Brief Description	<p>This has been planted with 8 trees and also has planted beds. This is a grassy area with seating.</p> <p>This site is maintained by Biddulph in Bloom. In 2019, Biddulph in Bloom won Gold in the RHS Britain in Bloom competition and was the winner of the Large Town category.</p> <p>This competition is a powerful tool for building communities and tackling local issues. The judging process is rigorous, against a comprehensive set of criteria.</p> <p>Biddulph in Bloom areas were judged as having conservation and biodiversity benefits, being supportive of local heritage and demonstrating significant community participation, all of which are transferable to the Local Green Space criteria.</p>

Criteria.		
Location <i>In reasonably close proximity to the community it serves</i>	√	On A527 located on the edge of town.
Local Significance <i>Demonstrably special to a local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquility or richness of its wildlife.</i>	√	This site provides an introduction to the Garden Town of Staffordshire on entering from the south by showing a tended area in the midst of the town's industrial units to the west. The colour of the trees in autumn is particularly vibrant.
Size, Scale <i>Local in character and is not an extensive tract of land.</i>	√	Narrow sections; important boundary treatments.
Recommendation	√	Suitable for Local Green Space Designation
