What we cannot fund

This scheme is designed to fund small one-off projects organised by community groups. Larger organisations, although not explicitly prevented from accessing this grants scheme, should consider making an application to the Town Council as part of the annual grants programme. This allocates larger pots of funding and may support the ongoing costs of running an organisation.

If an organisation is in receipt of a grant from the Town Council as part of the annual programme, there must be a clear reason why there is an additional application under the Town Councillors' Community Grants Fund. The Town Council will not normally consider two applications from the same organisation.

Retrospective Grants

The Town Councillors' Community Grants Fund does not make retrospective grants.

Religious Activities

The Town Councillors' Community Grants Fund does not fund religious activities, but it can fund local churches and other places of worship. Many places of worship are used by community groups and host a variety of community events and activities. However, if the application is specifically for a religious activity, then this cannot be funded.

Organisations that do not provide benefit to the residents of Biddulph

Applications must be from organisations that benefit the residents of Biddulph.

Non-Voluntary Organisations

The Town Councillors' Community Grants Fund does not fund non-voluntary organisations. For example, schools. However, the Town Councillors' Community Grants Fund could support PTFAs, which are voluntary).

Individuals

The Town Councillors' Community Grants Fund does not fund individuals. Applicants need to clearly demonstrate that there will be community benefit.

Political Activities

The Town Councillors' Community Grants Fund does not fund political activities.

Frequently Asked Questions

Can Councillors support groups and organisations that they are involved with?

Yes, they can. Councillors should declare any interests on Part Two of the Application Form where there is a specific question about this.

Can the Town Councillors' Community Grants Fund fund temporary or informal groups?

Yes, it can. the Town Councillors' Community Grants Fund intends to support grass-roots, community-led activity, this includes temporary projects or one-off events and activities.

Do groups and organisations need to send in copies of invoices/ receipts/ quotes?

No, groups and organisations do not need to supply this paperwork. The Town Councillors' Community Grants Fund offers local groups and organisations small amounts of funding, this level of monitoring would be disproportionate to the level of grant. Town Councillors will

have good knowledge of and a good relationship with the group or organisation that they are supporting, and would therefore be aware of any issues with the group.

How are grants publicised?

Councillors or groups may wish to make their own arrangements for publicising grants.
