

FEES 2026-27

The interment fee covers the updating of statutory burial records, officer's time and a contribution to future maintenance. It is regularly benchmarked with neighbouring authorities.

The memorial application fee is for the permit to erect or add to a memorial; this involves the memorial application being checked to ensure the applicant is the 'Grave Manager' and that the memorial and proposed inscription comply with regulations, and for ongoing maintenance and testing.

These fees do not include the cost of instructing a grave digger. This must be arranged separately.
