By bringing together public, voluntary, and private sector organisations, Space can offer support to 8-17 year-olds to help increase their skills, improve their health and well-being, and create opportunities, while also aiming to reduce levels of anti-social behaviour.

Hundreds of activities take place each year including raft building, swimming, gym sessions, survival skill training, wildlife experiences, and kayaking. We hope you find an activity to enjoy!

We know that anyone can find themselves at crisis points for a number of different reasons.

In order to provide the most appropriate help for your situation we work with a variety of local agencies. In Biddulph, you can contact Biddulph Town Hall. If they feel you are struggling to put food on the table, they will issue you with a foodbank voucher and link you with agencies that can support you.

Our foodbank works with several different agencies, such as Money Advice, Citizens Advice, Family Hub, and Health Visitors.

When you visit or call the Town Hall they will take some basic details from you to complete the voucher. This will help them to identify the cause of your crisis and offer practical guidance. It also means we are able to prepare suitable emergency food for the right number of people.
